GOOD WORK

Done Daily in Norway. Many Persons
Tell of It.

Nearly every reader has heard of
Doan's Kidney Pills. Their good work
in Norway still continues, and our citi-
zens are constantly adding endorsement
by public testimony. No better proof
of merit can be had than the experience
of friends and neighbors. Read this case:

Oscar I. Pitts, Cottage St., Norway,
Me., says: "Several years ago I began
to suffer from an acute attack of kidney
trouble. I had caught a severe cold
which settled on my kidneys and brought
on terrible pains in the small of my back.
There seemed to be a congestion of my
kidneys and it was only with great diffi-
culty that I was able to pass the secre-
tions. I heard of Doan's Kidney Pills
and decided to try them. I procured a
box from Stone's Drug Store. They
helped me from the first and after taking
the contents of a few boxes, I was cured.
I have not had any trouble from my kid-
neys since. I am glad to give Doan's
Kidney Pills my highest endorsement. 49

Legal Tender.

Officially there are just ten kinds of
money in circulation in the United
States. Do you know which of those are
legal tender and in what amount? It
may be that "all money" looks alike to
you," but there's a difference, and below
is the list:

Gold coins, standard silver dollars,
subsidiary silver, gold certificates, Treas-
ury notes (1890) United States notes
(greenbacks), national bank notes, nickel
coins and bronze coins.

Looking upon this formidable classi-
fication of United States money as made
by the Treasury department, it becomes
more formidable when it is considered
from the highly technical point of view
as a legal tender. Some of the most im-
porting of this paper currency is not a
legal tender at all, while as to the minor
coins they are legal tender in such small
amounts as to startle the average lay-
man.

It may be well to recall to the layman
the term "legal tender" owes its sig-
nificance to the fact that in payment
of debt or obligation of any kind it can
be forced upon the creditor "in full of all
demands."

Gold certificates, silver certificates and
national bank notes, of which such com-
mon numbers circulate everywhere, are
not legal tender. If you have plenty of
money, and if you have forced Jones to
sue you in order to get judgment, Jones
can turn down every one of these bills
tendered in payment and force you to
dig up something better.

Should Jones do such a thing, you
might conceive the idea of fixing him by
unloading a whole lot of silver coins up-
on him. But you want to know what
you're doing there, too, for he'll take
only \$10 worth of halves, quarters and
dimes, while the rest of this paper cur-
rency only 25 cents' value is legal tender.

But as to the standard silver dollar,
there's no limit upon your shoveling
them out to Jones. This old "dollar of
our dad's" still is the real thing in all
business transactions unless some clause
in a contract has provided otherwise.
Jones may refuse the silver certificate,
but when you dig up the metal dollar,
they go unquestioned at their face value.
And 1,000 of them weigh 58 92 pounds.

Healing the Sick

So-called Hopeless Cases Cured by Electricity and Magnetism.

AN ASTOUNDING CURE OF PARALYSIS

The following open letter explains itself:

"In 1894 I had typhoid fever, which left me with paralysis of the left leg. I did not recover although I treated with various physicians who are first class. I used electricity for over a year under a physician's care without benefit. I did not permit myself to get discouraged, for I believed that if I could find a right doctor he would understand my case and cure me. I heard of the work of the Caldwell Electric Specialists and determined to try them, although some tried to discourage me. I felt that they knew their business, but when they stated that I needed electrical treatment I told them that had been tried and failed, then they described the particular form of electricity required and how it should be applied and said that electricity used in any other way would not cure; then I realized that I had not been treated that way, and that electricity in the hands of a specialist was a different thing altogether. I took their treatment and there is no more grateful and happy patient. They cured me just as they said they could, although I scarcely believed it possible at the time. I think everyone sick with any chronic disease should see the Caldwell Specialists."

THOMAS BUCKLEY.

The Electro Medical Specialists, Norway, Maine.

My Dear Friends: Replying to yours of the 14th inst., which I was very pleased to receive, will say that I have been following the home treatment and am gaining rapidly. I am now a firm believer in the efficiency of your treatment for almost every sort of derangement or disease. I am now taking it in smaller doses. The results of your treatment have been perfectly satisfactory and all that I could expect. It is a happy appetizer. It has set me squarely on the right track. Respectfully yours, WILLIAM C. DANFORTH. Foxcroft, Maine, Nov. 25, 1910.

Norway, Maine, Nov. 29, 1910. I have been taking your treatment for a chronic inflammation of the throat and larynx and can truthfully say it has helped me wonderfully. The bad feeling and rawness is entirely gone. The Electro Magnetic treatment has cured my catarrh. I have no dropping in my throat now and my voice is stronger and more clear. I am feeling highly pleased. It is wonderful what it will do in so short a time. I take pleasure in recommending this treatment to all who are suffering from catarrh. LONA E. NOBLE.

Norway, Maine, Nov. 29, 1910. I have been suffering with a bad trouble in the right lung for the past six years, caused by repeated hemorrhages and pleurisy. I was unable to get a normal breath. My stomach was weak and inactive and I was thoroughly discouraged about my condition. I had been told by different physicians that I would never recover; but now since taking your Electro Medical Treatment, I am feeling all right. I have no pain in my lung and the soreness is all gone. My stomach is in fine condition and I can eat anything I like, and I wish that others who are suffering now, as I was, would take this treatment. SUSIE E. CONRAD.

The Doctor has the enormous machine entirely under control, and while it is powerful, yet it is so gentle that one soon overcomes the feeling of fear which such a mysterious thing incites. He is a man of commanding personality. His kindly and benevolent face has the strength and confidence about it which comes from a thorough knowledge of his subject. He believes that the cause should first be removed and that patients desire to get well quickly and permanently without using any deleterious drugs or pernicious use of the knife. If there is a lack of vital energy, of nerve force, a general depression of the functions, electricity, properly selected and carefully applied, will quickly correct and return the patient to health. This you may be as sure of as you are the sun will rise tomorrow. Whatever his methods of treatment are, it is a fact that many patients who have been given up as hopeless sufferers, who never expected to see another well day in their lives, are now, thanks to his skill, rejoicing in health and strength and are sounding his praise far and near. One of his patients informed the writer that all along she had been under treatment for what several doctors pronounced incurable consumption. She has already realized a remarkable improvement and the cough, which before was very bad, has stopped entirely. Every one speaks in highest praise of the treatment given by Electro Medical Specialist and his practice is rapidly increasing. Consultation is continued free Tuesdays, Thursdays and Saturdays. Go and consult him without delay and if he will take your case, begin the treatment at once, you will feel better before you leave the office in the Parlors of Beal's Hotel, Norway. Hours are 9 to 12 a. m., 2 to 4 and 7 to 8 p. m.

NOTICE

Those who are unable to call in person should send at once for circulars and self examining blanks and learn just what their diseases are and what to do to be cured if curable. Many are being cured at home by this method. Address, with stamp, the Electro Medical Specialist, Norway, Me.

WEST PARIS.

A Sudden Death.

The sudden death with heart failure of Mrs. Annie Brooks Bacon, Friday evening, Nov. 25th, was a great shock to the community as well as to the family.

Mrs. Bacon has not been in the best of health for a year or so, although did not call herself sick. Only that evening she and her husband had conversed upon the subject and he wished her to consult a physician. Later she retired, while Mr. Bacon sat up to wait for the children who were attending a show held in the Grange hall across the street. At a little after ten she called for a drink of water, and came down stairs slowly and breathing with difficulty. Immediately Mr. Bacon saw that something serious was the matter and rushed for the nearest doctor. After a short hour of distressed sickness she passed away.

Meanwhile the children had returned, but too late for her recognition, when a few hours before she had sat with them at the supper table and laughed and joked all had been so happy.

Mrs. Bacon was of a very pleasant, cheerful disposition with a smile and a good word to all who came her way. Her home was ever open for a jolly good time, and many sought her company to while away a happy social hour. Young people were always welcome, and often came to spend an evening socially and with games. She was a quiet home body, scarce ever going away from her home village, lovingly devoted to her family where her place will be sadly missed. She had many neighbors and friends and was held in highest esteem by all. The Universalist church was her preference and where she attended one, at least, of the services each Sabbath when she was able to do so.

Mrs. Bacon was one of a large family of children of Peter and Arvilla Brooks, and was born Dec. 29, 1855. She became the wife of Augustus L. Bacon, Jan. 10, 1874. To them were given six children, Josie, the wife of Alfred C. Perham, who lives just across the street; Addie E., wife of E. E. Jackson, who died several years ago; Carroll, who lives with his family at Trap Cove; Ralph, now a young man; and Hazel and Clara of fourteen and twelve years respectively, who greatly need the gentle guidance of "mother's" hand.

Besides her husband and children she is survived by three sisters, Mrs. Phila Shedd and Mrs. Clara Ryder of West Paris and Mrs. Kittie Swan of New Gloucester, and three brothers, Warren Brooks of West Paris, Prescott Brooks of Paris Hill, and Will E. Shedd, adopted son of Levi Shedd of Portland. There are also six grandchildren.

Her home has always been here since her marriage, and before she lived in Greenwood and Woodstock. The funeral services were held from the Universalist church, Sunday, at one o'clock. Rev. H. H. Hoyt of East Hiram spoke kind, comforting assurances to the family and friends. Interment took place in the village cemetery, where she was laid away among the most beautiful flowers. Following is a list of them:—

- A large basket and 27 chrysanthemums—Neighbors and friends.
- 55 white pinks—Mr. and Mrs. Albert Ryder.
- Yellow with "wife" "mother"—Husband and children.
- 13 white chrysanthemums—Universalist Good Will Society.
- White pinks and ferns—A. H. Packard and family.
- 65 pink and white pinks with "sister"—Mr. and Mrs. Levi Shedd.

- Pinks and ferns—Mr. and Mrs. J. W. Gray.
- White chrysanthemums—Mrs. George Bryant and daughter.

- Bouquet geraniums—Mrs. Evie Lapping.

We have a large line of these rubbers with leather tops and they are the most satisfactory of anything we have ever sold, for Farmers, Teamsters, Lumbermen or anyone who works out of doors and want comfort for the feet. There are the ribbed rubbers and have a very nice top. We have them in both heel and no heel in 8, 10, 12, 14 and 16 inch legs. The prices are as follows:

With heel, 8 inch leg,	\$3.25
With heel, 10 inch leg,	3.50
With heel, 12 inch leg,	3.75
With heel, 14 inch leg,	4.00

No heel, 8 inch leg,	3.00
No heel, 10 inch leg,	3.25
No heel, 12 inch leg,	3.50
No heel, 14 inch leg,	3.75
No heel, 16 inch leg,	4.00

This line of rubbers are proving very popular with us, and we surely believe there are none better, and very few as good. We also have a plain gum rubber with 8 inch top, \$2.50 which is also a good trade, in fact you can find here all kinds of rubbers at the lowest price.
